It's an excellent fund raising product as well for schools and non-profit organizations.

Small Investment

RESIDUAL INCOME OPPORTUNITY

EPIC Opportunity!

Now you can take control of your own destiny, work your own hours, and earn a fabulous part time and even a full time income. As an **ICE CHIPS**® Independent Dealer, you can earn hundreds of dollars a day working part time selling at fairs, festivals, farmers markets, flea markets, trade shows and shopping malls.

ICE CHIPS® are an all natural candy made with Xylitol and bursting with flavor - so they are amazingly delicious and ideal as a food product demo. Once people taste the flavor and know

that it is dentist recommended, diabetic friendly, Gluten Free, Non-GMO Vegan and Kosher Certified, they go wild over it. With 24 flavors to choose from most customers buy multiple flavors at a time.

ICE CHIPS® were created by two grandmothers, Bev and Charlotte, who became famous after appearing on Shark Tank. While Ice Chips is sold Nationwide through various small independent grocers, most retailers only carry 1-2 flavors and with very little product demos and promotion. The Independent Dealerships allow you to sell all flavors and produce far more sales because of the opportunity to provide samples.

Our new POP-Up turnkey business Shops allow anyone to immediately start selling our delicious **ICE CHIPS**® and make a part time and even full time income. In addition, we offer a long term residual income flow from all follow up orders purchased online by your customers - so after an event, any future orders made online with YOUR distributor code will earn a 5% commission for the life of the customer. This way you can build up a long term passive income from all the work you put in at your events.

ICE CHIPS®

The best part is your small investment in your own business is protected by the inventory included in the packages, so there is no downside risk.
